Analysis Report

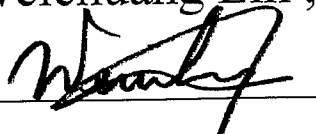

Report Date : 2010/01/26

Report No. : A09901-0062-CC-1	Sample Reception Date : 2010/01/13		
Client name : 海氏生化科技有限公司 The Seas Biotech Enterprise Co., Ltd			
Client address : 雲林縣虎尾鎮德興里北平路92號1樓 No.92 Bei-Ping Road, Hu-Wei Town, Yun-Lin County, Taiwan.			
Name of Sample : 消化除臭活菌 The Fungus for animals digest and deodorize			
Appearance : Plastic bottle			
Requested Item for Testing : Microorganism			
<p>Methods:</p> <ol style="list-style-type: none"> 1. Aerobic Plate Counts: Refer to CNS, General No. 10890 Classified No. N6186. 2. Lactic Acid Bacteria: Refer to CNS, General No. 14760 Classified No. N6371. 3. <i>Bacillus subtiois natto</i>: American Society for Microbiology-Manual of Methods for General Bacteriology, 1981. 			
Result:			
No.	E01	E11	E27
Item	Aerobic Plate Counts (CFU/g)	Lactic Acid Bacteria (CFU/g)	<i>Bacillus subtiois natto</i> (CFU/g)
Result	4.5×10⁸	8.4×10⁷	4.0×10⁸

Notes:

1. N.D.: Not Detected.
2. This report is strictly forbidden to be modified and adapted without our permission.
3. This report is only credible for the sample in this test. If there is any question or request, please inform us within seven days after receiving it.
4. Using this report for commerce and advertisement is not allowed.
5. The receiving sample for this test has run out.
